

## NEW WRINKLE IN COUNTY SEAT WAR

Rexburg and Sugar City Have  
Doubled Teams on St.  
Anthony Up in Idaho.

### PLANS SEEM WELL LAID

EXCITEMENT GROWS WITH EACH  
DAY.

(Special to The Herald.)  
Rexburg, April 19.—A mass meeting of the citizens of Rexburg was held Wednesday night in Woodvine's hall. The meeting was presided over by Judge Hyrum Ricks. The object of the meeting was to consider a new proposition on the county seat question. It was decided at the meeting to form a corporation, buy a strip of land parallel with the Oregon Short Line and east of it and extending from Rexburg to Sugar City. On this strip, to construct an up to date boulevard, with sidewalks, shade trees and also to build a motor car line. At a point midway between Rexburg and Sugar City to purchase lands to be laid off as the Rexburg Park addition. The county seat to be located on the Rexburg Park addition. A beautiful park and grounds to be laid off for the county seat, also a \$2000 courthouse to be built there. Both towns, it is proposed, are to work hand in hand and vigorously for the removal of the county seat, which they feel confident of securing by the united efforts. The corporation is for the purpose of financing the scheme.

St. Anthony so far has not been much concerned about the matter but will now have to wake up in time to see the courthouse take its leave.  
New notices will be published at once and new petitions prepared for signatures. This is not simply a Rexburg proposition but the two towns practically came to that understanding before Rexburg met and decided the proposition referred to.

Mr. Nathan Spaulding, a prominent grading contractor living a few miles west of Rexburg at Independence, left last Monday morning for Alberta, Canada, where he has secured a large grading contract. He shipped his outfit at Market Lake.  
The local branch of the C. W. & M. sold \$800 worth of wool bags and fleece twine to Fremont county sheepmen a few days ago. The shearing season will soon open.

Although many attempts have been made to find the bones of Ben Rainey, the ranchman who was drowned while fording the Snake river some time ago, no one has succeeded in finding the body.

A farewell dance was given last Monday night in honor of Elder Fred Smith, who left on Wednesday night to fill a mission in the eastern states.

Last Saturday was stake day. The various officers of the stake organizations met in the auditorium of the Ricks academy in the forenoon. In the afternoon the Sunday-school officers and teachers met and discussed the work and progress of the Sabbath schools. Large numbers were in attendance at both sessions.

## WOULD SAVE ALL RIGHTS

Senator Clark of Montana Proposes  
to Amend Bill Repealing  
Timber and Stone Act.

(Special to The Herald.)  
Washington, D. C., April 19.—Senator Clark of Montana today introduced an amendment to the Hansbrough bill to repeal the timber and stone act, providing that the reservation of timber land made and contemplated under the proposed act shall not affect or restrict any rights or privileges heretofore granted by special laws of congress, and all claims or filings that have been lawfully instituted under existing laws shall be adjusted as if the proposed act had not been passed.

On motion of Senator Sutherland, Judge W. H. Dickson was today admitted to practice in the supreme court of the United States.

## SENATOR DUBOIS IS ABLE TO DO THINGS

(Special to The Herald.)  
Washington, D. C., April 19.—The garrison at Boise barracks is soon to be doubled and the work of enlarging the post to accommodate four thousand additional headquarters will be commenced early this summer.

Charles H. Jackson of Boise took the matter up with Senator Dubois today, telling him the belief prevailed that Boise barracks were to be abandoned. After conferring with the war department Dubois informed Jackson that the post not only would not be abandoned but that according to the plans prepared last fall the money heretofore allotted being still available and ample to make improvements.

Senator Dubois has an appointment with Secretary Taft to arrange for the erection of new buildings and it is believed the constructing quartermaster will be immediately sent to Boise to take charge in place of Major Turner, who goes to the Philippines.

Definite announcement is expected in a few days.

## THREE CASE IS DISMISSED WEST IS FORGING AHEAD

Former President of Continental Life  
Will Not Be Prosecuted  
Further.

District Attorney F. C. Loofbrow yesterday dismissed in the district court the criminal prosecution against Hiram Tyree, who was until recently president of the Continental Life Insurance & Investment company, Tacoma, Wash., and bound over to the district court on a charge of having falsified the annual report of the company for 1904.  
In his statement, upon which he based his motion for a dismissal, District Attorney Loofbrow said that the offense of which Tyree was accused does not constitute forgery under the laws of Utah, nor does it constitute any other crime.  
Tyree resigned the presidency of the company at a recent meeting of the board of directors. He was succeeded by T. R. Coulter.

## FOUR YEARS FOR BURGLARY. Two Thieves Admit Their Guilt and Are Given Sentences.

James Wilson and James McGinn yesterday pleaded guilty to burglary in the first degree and were sentenced by Judge Armstrong to serve four years in the state penitentiary. The men pleaded "not guilty" when they were first arraigned, but decided yesterday to change their plea. They were arrested in the Emery-Holmes apartment house a few weeks ago and it was for this crime that they were sentenced.

## DIVORCES GRANTED. Judge Morse Frees Two Wives From Bonds Which Gail.

Divorces were granted by Judge Morse yesterday in the following cases:  
Ethel C. Chapman vs. John M. Chapman; annulment of marriage because of disease of defendant.  
Elizabeth Kaiser vs. August Kaiser; non-support.

## Fined for Breaking Quarantine. Judge Armstrong yesterday fined Andrew Dahlstrom \$10 and costs for breaking smallpox quarantine at Bingham.

The town authorities were the prosecutors.

## Court Notes. Conrad K. Erickson, a native of Sweden, was admitted to citizenship by Judge Armstrong yesterday.

The case of J. G. Campbell vs. C. E. Brubaker was dismissed in Judge Lewis' court yesterday upon motion of plaintiff.

John A. Peterson, formerly a carpenter in the employ of the San Pedro, Los Angeles & Salt Lake Railway company yesterday sued that company for \$5,000 damages for alleged personal injuries sustained in an accident at Solas, Cal.

The Pacific Lumber company yesterday started two suits in the district court to force lumber.

One is against C. B. Hawley for \$35.57, and the property involved is lot 2, block 102, plat D. The other is against Edward A. Johnson, and the property is lot 3, block 94, plat D.

The Western Pacific Railway company yesterday brought a suit against the Utah Copper company to condemn a right of way across section 18, township 3 south, range 2 west.

The same company brought a suit against the American Smelting & Refining company to condemn a right of way across sections 14 and 15, township 1 south, range 3 west.

## THREE CARS FROM CACHE Movement Begun in Logan Results in Generous Response for Stricken San Francisco.

(Special to The Herald.)  
Logan, April 20.—The Cache County Commercial club and business men of this place shipped two carloads of provisions today to San Francisco for her suffering people. One car contained 20,000 pounds of flour and the other car 20,000 pounds of condensed milk. A third car will be shipped tomorrow.

It will contain tents, bedding and clothing, which has been contributed by the citizens of this city and surrounding towns.

## TAKES NEW POSITION TODAY E. D. R. Thompson Will Succeed George A. Smith as Receiver of the Land Office.

E. D. R. Thompson yesterday received a telegram from W. A. Richards, commissioner of the general land office, Washington, D. C., stating that his bond as receiver of the land office had been approved. He was instructed to take possession of the land office, which will do so today. Mr. Thompson succeeds Apostle George A. Smith.

## SHEEP SHEARERS STRIKE. Matter of Wages Between the Men and Their Employers.

(Special to The Herald.)  
Price, Utah, April 20.—The strike of the fifty-five to sixty sheep shearers at the Rio Grande Western corral here is still on, and it now looks as if no settlement is to be made and that many of the flockmasters are to take their herds away from Price for shearing and dipping. There are pens at Cotton, at a number of places in Liny county, in Emma's park and at Thompson's and Cisco to the east as available to numerous owners as a Price. So far no great number of sheep would be inconvenienced by not coming here, as many are on the way and could be easily driven around to other places mentioned. But two shearers have gone through the shearing pens here; those of John Chipman of American Fork and the Fairview Co-op. These number between 10,000 and 12,000. The wool from the latter was sold today at 20 1/2 cents, which is about the average for 100,000 pounds during the week. Buyers in the Price market today representing Boston houses received word by wire to purchase no more Utah springing wool. Whether this means a drop in prices no one seems to know.

## CHINAMAN HANGED. Helena, Mont., April 20.—Lu Sing, a Chinaman, was hanged at Bozeman yesterday for killing Tom Sims, a fellow countryman, but no relation, Oct. 3 last, by severing his victim's head with a butcher's cleaver. He was pronounced dead fifteen and a half minutes after the catch was sprung, releasing a 320-pound weight attached to the rope around his neck. His last words denied he had killed anybody. About 150 people witnessed the execution.

## E. C. Hadley Says Demand for Con- struction and Building Material Is Greater Than the Supply.

"The building and construction activity existing in Utah is something marvelous," says E. C. Hadley, western representative of numerous eastern material, cement and machinery companies. To prove the truth of his statement Mr. Hadley said one of his companies had shipped to Utah and neighboring territory 450 carloads of cement alone within the past two months. Of this immense lot 25,000 pounds were ordered by the Utah Copper company for use in its concentrating plant in course of construction at Garfield. Paving in Salt Lake will consume 30,000 pounds. This cement is shipped to Utah from Kansas. The local Portland Cement company, with a capacity of 400 barrels daily, is rushed with orders. The cement output of California is lessened through the temporary disablement of the plants near San Francisco. Large plants with 3,000 barrels per day capacities are being built in their western orders. Mr. Hadley says all machinery plants are flooded with orders. A large consignment of heavy machinery is on its way from one of Mr. Hadley's companies to the Utah Copper company. "The prosperity of the east and middle west is partly due to the rapid growth being made by the west," is the way Mr. Hadley explained the situation.

## CUT-OFF FOR SHORT LINE Shorter Route From Malad Summit Will Save Seventy- five Miles.

(Special to The Herald.)  
Boise, Ida., April 20.—Information has been received here to the effect that the Short Line engineers have found a satisfactory route across the Malad summit for the proposed route from Burley to Salt Lake. The road has already been constructed to Malad. It will make a saving of some seventy-five miles between western Idaho points and Salt Lake. It is the belief the connecting link is to be made. The engineers are now working on a line westward from Twin Falls. It will reach the new town of Buhl, go down the Salmon, down the Hagerman valley and join the main line at Glenn's Ferry. It is said to be the intention to make the road the main line, thereby cutting out King hill. The line leaves the main line at Minidoka and now runs to Twin Falls.

## Railroad Notes. Many persons are leaving Salt Lake daily for Oakland. The Southern Pacific is selling tickets from Salt Lake to Oakland.

General Passenger Agent D. E. Burley of the Oregon Short Line is expected to arrive in Salt Lake today from Los Angeles, where he has been attending the quarterly meeting of the Transcontinental Passenger association.

## TRYING TO PREVENT PATRONAGE FIGHTS (Special to The Herald.)

Washington, D. C., April 20.—Senator Hansbrough today introduced a bill intended to ally, if possible, constantly occurring quarrels between newspapers for land office advertising patronage. His bill provides that land office advertisements shall be published in newspapers of established character described in the advertisement, and within the land district or county in which the lands are located.

In case where two or more such newspapers are published in the town or district such lands, or in two or more towns which are of equal distance from the lands, the advertisement shall be published in the newspaper to be designated by the registrar of the land office.

## TOWNS DESTROYED BY FIRE IN PHILIPPINES

Manila, April 21, 7:50 a. m.—Fire has swept the town of Marikina, in Rizal province, Manila. Thousands of persons are homeless and starving. Two thousand dwellings are in ruins. The government is rushing assistance to the sufferers.

Fire also destroyed Pasil, near the town of Cebu. Two hundred dwellings were burned and many persons are homeless.

## THREE APPLICATIONS FILED. Three applications for the appropriation of water were filed yesterday at the state engineer's office. The water in each case will be used for irrigation purposes.

Ephraim F. St. Jeor of Clover, Utah, asked for one second foot to be diverted from a spring. A channel will be built 3,000 feet in length to carry the water to 150 acres of land under the filing.

Alonzo J. Stookey, Clover, Utah, filed application for 5 of a second foot to be distributed over eighty acres of land. But two similar applications were filed by John A. Erickson and Andrew S. Carson of Grantsville for one second foot of water to be diverted from a spring. The water will be used in irrigating 160 acres of land.

HELP NEAR AT HAND.

DR. KEELEY SURPRISED THE WORLD WHEN HE SAID: "DRUNKENNESS IS A DISEASE AND CAN BE CURED." This fact is now known to every reading or listening man, woman and child, so far as civilization extends. Over 400,000 men and women have been cured of alcoholism and drug addiction at Keeley Institutes. Statements made about the treatment being deleterious to health are bosh. It is exactly the contrary. Cures are positively made. Those who relapse to their former habits after taking this treatment do so from a non-appreciation of the requirements and advantages of a strictly sober life.
